

VERTICAL LEG PRESS

JPL-130

◆ Revolutionize your leg training with our Vertical Leg Press Machine. Engineered for optimal biomechanics, this machine utilizes a vertical pressing motion to target the quadriceps and glutes with precision. The sturdy frame and padded supports ensure stability and comfort during intense training sessions.

◆ **DIMENSION:**  
Length : 75 inches / 190 cms  
Width : 84 inches / 213 cms  
Height : 86 inches / 218 cms

◆ **MUSCLE WORKED:**  
Glutes  
Hamstrings
